Parking Violations, Warnings	7	8	3	10
Parking Violations, Tickets	39	26	20	31

Investigation into the Murder/Suicide on October 22nd is continuing. The department has conducted several interviews and is working with CBI on evidence processing. Chris Wilson is handling PIO duties for this incident.

Several departments met concerning the complaint of noisy trucks around Holiday Inn and following up on the complaint made to council. Similar concerns have been voiced for other locations in town. I am attempting to identify the common causes, determine the complaint vs. the need for the activity and find a suitable ordinance. Running into issues that it isn't so much as a noise level as it is a repetitive noise that is not common to a residential area.

Officer Drumm and Isham attended a CIT (Critical Incident Training for the Mentally Impaired) 80 hours course. The training was paid for through POST funds. The CIT training is intended to give officers skills to deal with persons experiencing mental and health issues to deescalate situations with less physical force. Training also provides information on medical options available on the front range that we can research for application here.

Isham and Timm attended an advanced DUI training, entitled ARIDE, which was also paid for by POST and consisted of 32 hours.

Rob is busy in the schools with classes in full swing that started in September. DARE classes for the 5th grade comprise 100 students. The Second Step Program is underway in the 7th grade with half the class, about 45 students, now and the other half in the spring.

Erica Joyce is the most recent addition in the communications office starting CTO training on October 19th. October also saw Emma completing her CTO program and moving forward to staffing her own spot on the communication schedule. Communications is fully staffed at this time with the two employees at different levels in training.
